Calsonic Kansei Corporation

## Calsonic Kansei to Exhibit at the 45th Tokyo Motor Show 2017

Calsonic Kansei Corporation (President & CEO: Hiroshi Moriya; Headquarters: Kita-ku, Saitama City) will participate as an exhibitor in the 45th Tokyo Motor Show 2017.

At the end of March 2017, Calsonic Kansei moved from being a member of the Nissan Group to become an independent automotive component *Monozukuri* company. As the new Calsonic Kansei Group moves toward the 80th anniversary of its founding in 2018, it is inspired to be world-leading in innovation and *Monozukuri*. Therefore, Calsonic Kansei has decided to exhibit at the motor show in hope of letting more outside the industry know about its corporate stance.

This year, the 45th Tokyo Motor Show 2017 will be held at Tokyo Big Sight from October 27 to November 5. Calsonic Kansei's exhibition booth will present the value of parts usually unseen in fascinating ways based on the corporate message of "Change [the World] from Inside of vehicles."

The booth will introduce achievements in motorsports and Calsonic Kansei's history of 80 years focusing on advanced technologies in energy management and cabin innovation. At the same time, there will be content to appeal to all five senses to make it easier for the general public to understand.
